

## **Board Committees (Beginning in 2019)**

The new committee structure:

- 1) Streamlines CoC and Board governance activities into four Board committees;
- 2) Supports better connections across related activities;
- 3) Moves implementation activities of some legacy committees into the CoC implementation work structure;
- 4) Creates more efficiency in staffing for board committees and implementation work groups; and
- 5) Offers the opportunity for CoC members currently participating in governance committees to spend more time in implementation work groups where a wide range of voices, expertise, and leadership is needed.

The board committee structure consists of the following governance committees: Executive, Finance, Board Affairs, and System Operations and Performance (SOP). There will also be a Collaborative Applicant Subcommittee of the SOP committee. Each board committee will prepare a new scope of work to define its annual responsibilities and areas of oversight and submit to the board for review and refinement by February 2019.

Board members (including alternates) may only serve on one committee at a time. Nominations for committee slates will be made in early January. Minimum and maximums listed on the committee chart are for board member participation. Each committee will also create a plan to engage non-Board members in their work which will be communicated to the CoC for additional recruitment purposes.

**Ad-hoc Charter Committee**

The CoC Board at its December meeting voted to create an ad-hoc board committee, known as the Charter Committee, to fulfill the following tasks: 1) a national scan of CoC charter best practices; 2) update the Charter to fully reflect the new CoC governance; and 3) formally address the inclusion of Youth Advisory Board participation on the CoC Board slate. The committee will be comprised of four Board members and four at-large CoC members and chaired by a member of the Board. The Committee will conduct its work from January to May 2019 and will make a determination about when formal charter revisions related to the above tasks will be brought forth to the full CoC. The Committee is also charged with collecting public comment on proposed changes in advance of any vote on charter revisions.
