100 Day Challenge - GOAL

In 100 days, we will stably house 225 Youth and young adults (YYA) ages 17-24 who are unstably housed, with at least 50% having had contact or interactions with at least one other system: Justice, Child Welfare, or Behavioral Health.

- 100 Day Team had their first meeting last week to finish the workplan and identify sub goals.
- Look out for requests for the team to help with this work.

Started on October 31st
Youth Action Board Recruitment

• The Youth Action Board is accepting nominations!

• Please complete a nomination form for any youth you believe would be an asset to the Board

What is a Point in Time (PIT) Count?

Why do we need a Supplemental Youth Count?

- Every January Chicago’s Department of Family and Support Services conducts a Point-In-Time (PIT) Count to provide a “snapshot” of Chicago’s homeless population. The data gathered on the homelessness in Chicago serves as a basis for federal funding, service and resource planning, and to raise public awareness about homelessness.

- The Youth PIT Count (also called the supplemental youth count) is part of Chicago’s ongoing effort to improve our ability to count and understand youth experiencing homelessness or housing instability.
  - The Youth PIT Count will take place over a 24 hour period, from noon on the day of the PIT Count (Thursday, January 23) to noon the following day.
  - Youth lead teams of enumerators will survey and tally their peers throughout the city
  - Drop in centers will conduct surveys with youth and hosted events
Youth PIT Count – Planning

• The Youth Point in Time Count Workgroup meet on November 11
  • Reviewed experiences from last year, updated the methodology, and made improvements to the survey

• The next meeting is schedule for December 3rd at 1 pm. Please contact Ceri (ceri.moy@cityofchicago.org) if you are interesting in joining the workgroup.
  • At the next meeting - will identify host locations, update the hotspot list and improve the training plan
Community Standards

• In Dec 2019, the System Performance, Data and Research Line of work will bring a package of standards and policies to the CoC Board of Directors for review and approval
• Feedback sessions will occur as well as a feedback form
• View the Standards and Monitoring page for details on the document and memo explaining each document
• A Youth Provider meeting has been scheduled for November 15th at All Chicago
