Identification Replacement & Name Changes

Identification is the key to housing programs, employment, education, and a million other things. This guide will provide a step-by-step process for individuals seeking to obtain and/or replace state identification, social security cards, and/or birth certificates.

What happens if I don't have anything? For example, I lost my state identification, I don't have a birth certificate, and I don't have a social security card.

Step 1: Birth Verification/Birth Certificate

What do I do if I have no identification and was born in Cook County? With permission, lawyers may replace birth certificates for individuals over the age of 18 who were born in Cook County at the County Clerk's Office.

The Cook County Clerk's Office is located at:

The Daley Center

50 W. Washington, East Concourse (Lower) Level -25

Chicago, IL 60602

(312) 603-7790

Hours: 8:30 a.m. to 5 p.m. Monday-Friday

<http://www.cookcountyclerk.com>

Some organizations offer a free legal clinic to assist with birth record replacement. Many of these legal clinics will order and pay for Cook County birth certificates at no charge. The Chicago Coalition for the Homeless also assists with birth certificate replacement. To contact the Law Project for legal help, call toll-free at (800) 940-1119.

On the form, you can ask Chicago Public Schools to mail your birth verification to the organization or project that you are working with or to another address.

What do I do if I have no identification and never attended Chicago Public Schools?

What county were you born in? It is often easier to get a Birth Certificate from non-urban Illinois counties. Sometimes, you actually have to go back to that county to get one. Otherwise, a case manager can call, write to the county, and get it through the mail for a fee.

Were you born in a U.S. state besides Illinois?

Check out www.vitalrec.com for more information about birth record replacement in other U.S. states. Read the order forms carefully—as some of these forms request a copy of state-issued picture identification and a money order or check. Some states require picture identification—although some counties do not require copies of picture identification (and sometimes the county prices are less expensive). Make sure you read all of the fine print!

It's best to do a google search for the county of birth + "birth record" to locate county-specific forms. Sometimes, ordering birth certificate online with a credit card is another way to bypass the picture identification requirement.

Step 2: Birth Certificate

There are a few different ways to get a birth certificate. The Cook County Clerk's office keeps official records of births that occur in Chicago and suburban Cook County. If you were born in Cook County, go downtown to the City Hall Building—on the County side of the building in the basement. The cost is \$15 (additional copies of the same record cost \$4 each).

The Cook County Clerk's Office is located at:

The Daley Center

50 W. Washington, East Concourse Level

Chicago, IL 60602

(312) 603-7790

Hours: 8:30 a.m. to 5 p.m. Monday-Friday

One form of ID is required if submitting one of the following IDs:

- State driver's license
- State identification
- U.S. passport
- U.S. naturalization certificate
- U.S. Armed Forces identification card
- U.S. Selective Service card
- U.S. immigration card (resident alien)
- Public Aid Card WITH medical card

- OR -

College Student Resource Guide | Student Emergency Fund

Two of these forms of ID are required:

- Social Security card
- Voter registration card (issued within past 90 days)
- W-2 form (most recent tax year)
- Bank statement (issued within past 90 days)
- Utility bill (issued within past 60 days)
- Vehicle registration card
- Life insurance policy (at least 1 year old)
- Checkbook or savings book
- Work identification card with photo
- Traffic ticket (prior to court hearing)
- School identification card with photo
- Foreign passport
- V.A. (Veterans Affairs) medical card
- U.S. issued consulate identification card

Though this is not on their list, they have also been known to take marriage licenses, divorce decrees, postmarked envelopes, and the Chicago Public Schools record of birth (see Step #1).

You can also request a birth certificate through the mail:

Cook County Clerk David Orr
Bureau of Vital Statistics
P.O. Box 642570
Chicago, IL 60664-2570

Include the following items:

- A completed Birth Certificate Request Form ([http://www.cookcountyclerk.com/vitalrecords/DocumentLibrary/Birth%20Request%20Form%20\(English\).pdf](http://www.cookcountyclerk.com/vitalrecords/DocumentLibrary/Birth%20Request%20Form%20(English).pdf))
- A photocopy of your photo identification (e.g. driver's license, state issued identification, etc.)
- A check or money order payable to the Cook County Clerk
- A self-addressed stamped envelope

You can also go to any **currency exchange** as well—but prices range from \$10 to \$20 depending on the currency exchange. However, most currency exchanges will accept primary forms of identification—and may be less likely to take inferior pieces of ID like items on the “two of the following” list above. Call (847) 759-8905 for Currency Exchange hours and locations in the Chicago area or visit www.mycurrencyexchange.com.

Lastly, you contact **VitalChek** and charge your order to any major credit card for an additional fee. You may also request documents shipped overnight. Visit www.vitalchek.com or call (312) 603-7799 to place an order.

Step 3: Proof of residence

It's important to have mail with your address on it. If you are experiencing homelessness, you can sometimes use an organization's address to receive mail. Eventually, you will use this at the Social Security Office and the Secretary of State to prove your residence.

College Student Resource Guide | Student Emergency Fund

Step 4: Picture Identification

School identification can be useful for replacing legal documents, like birth certificates. Sometimes, other social service agencies make photo IDs, too. But the social security office requires state-issued photo identification.

Step 5: Social Security Card

Without a state-issued photo ID, it is recommended that you bring 2-3 of the following:

- Birth certificate or birth verification record from Chicago Public Schools
- Voter registration card
- School transcripts (with your full name and date of birth)
- Verification of identity letter from a case manager or social worker
- Medical records with full name, date of birth, and social security number

You can pick up a **free** print out of your social security number if you go to the office and request a **print out**. At that time, they will also give you a letter verifying that they will be sending you a social security card in the mail in 2-3 weeks. If you don't have an address, use the organization's address.

Downtown Social Security Office
77 W. Jackson Blvd, Suite 300
Chicago, IL 60604

Step 6: State Identification or Driver's License

For first time applicants, you will need to prove *signature, birthday, social security number, and residency*. The cost is \$30 for a driver's license and \$20 for a state identification card.

State identification fees can be waived with a Homeless Status Certification voucher. This form can be downloaded here and needs to be completed by an agency or religious organization that can verify your housing status. Form link:

Illinois Secretary of State Document requirements to obtain a Driver's License/State ID Card:

http://www.cyberdriveillinois.com/publications/pdf_publications/dsd_x173.pdf

To prove **birth**: Birth Certificate/official school transcript/passport

To prove **social security number**: social security card with signature

To prove **residency**: Mail addressed to ID applicant/apartment lease/utility bill

To obtain a duplicate or corrected license:

If your license has been lost, stolen or destroyed, you may apply for another license. You will be required to show acceptable forms of identification that prove your identity. The fee is waived if you bring a police report that documents the theft.

The Secretary of State's office is located at several locations. For a full listing of locations, visit <http://www.ilsos.gov/facilityfinder/facility> and verify that the location closest to you provides State ID Card First Time Issuance or State ID Card Renewal.
