

2021 BREAKFAST WITH ALL CHICAGO

SPONSORSHIP OPPORTUNITIES & BENEFITS

Join us for a virtual *Breakfast with All Chicago!*

Our signature event celebrates Chicago's collaborative work to prevent and end homelessness. Together, we have responded to challenges with new innovations and renewed partnership. As our neighbors' need for housing remains high, this work has grown in importance. **Your support is crucial to ensuring that everyone has a place to call home. We hope that you will consider an event sponsorship and join us virtually on October 7, 2021.**

Your support makes our work possible:

Leading the System through COVID-19 and Beyond:

- All Chicago has led our partners in responding to the pandemic and building systems to improve our collective work going forward. We have created and piloted the **Expedited Housing Initiative**, working with partners and landlords across the city to move our neighbors into safe and stable housing more quickly. By testing new innovations, we seek to make long-term efficiencies in Chicago's homeless services system.
- As the lead agency for Chicago's Continuum of Care, All Chicago is the backbone for Chicago's citywide response to homelessness. We partner with 43 agencies and lead them through a year-round research, evaluation, planning, and federal funding application process. **This year, we secured over \$79 million in federal funds for 143 projects addressing homelessness in Chicago.**

Homelessness Prevention:

- Our Emergency Fund has always served our neighbors who need a little financial assistance to get through a temporary crisis. The COVID-19 pandemic and resulting economic consequences have led to a sharp rise in demand for this financial assistance. **In 2020, we served over 5,200 households with \$7.6 million in support – nearly double what we had done the year before.** The heightened need continues into 2021.

Supporting Students:

- Through our Student Emergency Fund, we provide financial assistance to college students who are at risk of dropping out of school because of a crisis. Students have faced unique challenges as college campuses have shifted to remote learning and work opportunities have been disrupted. **All Chicago has rapidly grown our team and increased our support to meet this need. In 2020, we served 2,617 students with over \$1.2 million.** This represents the largest disbursement in the program's history by far, quadrupling from 2019.
