

Chicago CoC System Goals

1. Reduce the number of persons who experience homelessness.

<i>Metric</i>
1.1 Decrease the total number of households on the Active List.
1.2 Decrease the system-wide inflow.
1.3 Increase the number of households that enter permanent housing (CoC housed and outside of CoC housed).

2. Reduce the time persons experience homelessness.

<i>Metric</i>
2.1 Average days between entry into the homeless system and move into housing.
2.2 Average days between referral to a project and move into housing.

3. Projects committed to CES will use only that system to fill their units.

<i>Metric</i>
3.1 Projects committed to CES will use only that system to fill their units.

4. Increase the earned income and/or other income of adults served by the homeless response system.

<i>Metric</i>
4.1 Adults engaged in Chicago's homeless response system increase their earned income during the year.
4.2 Adults engaged in Chicago's homeless response system increase their non-employment cash income during the year.

5. Increase persons who exit street homelessness to enter sheltered destinations.

<i>Metric</i>
5.1 Increase the percentage of exits from a street outreach project who enter a sheltered destination.
